Ghost Fruit Skewers

Ingredients:

- Large marshmallows
- Small tube black writing icing or gel
- Medium- to large-sized strawberries
- Medium green seedless grapes
- Special materials: wooden skewers

Instructions:

On each marshmallow, draw eyes and a mouth using the black writing icing. For each skewer, spear 1 strawberry, 1 grape, a decorated marshmallow “ghost” and another grape. Make various skewer arrangements depending on sticks’ length and fruit’s size.

Spooky Spiders

Ingredients:

- Ritz crackers
- Cream cheese or peanut butter
- Pretzel sticks
- Mini chocolate chips or raisins (optional)

Instructions:

Generously spread some cream cheese onto a cracker, thick enough to hold the pretzel sticks in place.

Arrange pretzel sticks (may be broken in half) on top of the cream cheese. Spread some cream cheese on another cracker and place it on top of the pretzels. For spider “eyes,” dollop 2 dots of cream cheese on the top cracker and top with a mini chocolate chip or raisin. Alternatively, use a tube of writing icing to make eyes.

contains peanut butter*

Monster Teeth

Ingredients:

- Apples
- Mini marshmallows or yogurt bites
- Peanut or almond butter (or chocolate spread)
- Edible eyes

Instructions:

Cut the apples into medium-sized slices, cutting out and discarding cores. Dry apples with a napkin or paper towel so the peanut butter will stick. Add peanut butter on one side of each slice, then arrange the marshmallows to resemble teeth, sticking them to peanut butter on apple slices. Add a second apple slice to the tops of each slice with peanut butter, arranging so apples form “mouth” shapes. Add a small amount of peanut butter to the backs of the eyes and stick them onto top apple slices above peanut butter.

Scarecrow Hands

Ingredients:

- Popcorn
- Candy corn (may substitute whole almonds)
- Special materials: transparent, disposable, plastic gloves

Instructions:

Place 1 piece of candy corn or an almond in each glove fingertip for “fingernails.” Fill the rest of the glove with popcorn and close up the opening with ribbon or a rubber band.
